

Library information

The library card is free of charge. If you are 18 or older, you must show photo identification to have a library card issued. If you are under 18, a parent or guardian must fill in an application. Children must be 6 years old in order to have their own library card.

You can also use your library card in the libraries in Tanum, Munkedal and Sotenäs.

You are personally responsible for loans made on your library card. The parent or guardian is responsible for loans made by children. Never let anyone else use your library card. If you lose it, please report it immediately to the library. You can get a new card if you pay a fee (SEK 20). Always bring your library card when you visit the library.

A book is normally borrowed for a period of four weeks, or two weeks if the book is reserved by another person. Loans can be renewed twice, providing nobody else has reserved the item.

Fines are charged if you do not return or renew your loans on time. You will be suspended from further loans if your debt is SEK 100 or more, until the entire debt is paid. If you lose or damage an item, you will be charged for a replacement.

If we do not have the item you are looking for, we can usually order it from another library.

You might reserve books currently borrowed by someone else. On the item's return, you will be notified by text message, e-mail or mail. You then have one week to pick it up.

Information about your loans is confidential and it will be erased as soon as the items are returned.

You can log in to our library catalogue <http://bibliotek.ranrike.se/web/pub> with the first 11 digits on your library card together with a 4-digit pin-code (default is 1234). In the catalogue you can search for books, make reservations and renew your loans. Please ask our staff if you want more information.

You can find more information in Swedish on www.stromstad.se/bibliotek
